## **A Theology For The Church**

Theology is the critical study of the nature of the divine. It is taught as an academic discipline, typically in universities and seminaries. Theology is the study of deities or their scriptures in order to discover what they have revealed about themselves. It occupies itself with the unique content of analyzing the supernatural, but also especially with epistemology, and asks and seeks to ...

Christianity regards the Bible, a collection of canonical books in two parts (the Old Testament and the New Testament), as authoritative. It is believed by Christians to have been written by human authors under the inspiration of the Holy Spirit, and therefore for many it is held to be the inerrant Word of God. Protestant Christians believe that the Bible contains all revealed truth necessary ...

Chapter One: Introduction. In 1962, philosopher-scientist Thomas Kuhn coined the term "paradigm shift" to signal a massive change in the way a community thinks about a particular topic. 1 Examples of paradigm shifts include Copernicus's discovery that the earth revolves around the sun, Einstein's theory of relativity, and Darwin's theory of evolution. . Each changed the world of thought (some ...

In the beginning: Theological discussions in the first centuries of the Church centered on the nature of God, the Trinity, as well as repentance, holy living, and salvation. The theologians of this era are commonly called the Fathers of the Church, and so the era is called the Patristic Age. There were fewer fathers in the west, so the Patristic age did not last as long in the west.

"The tragedy of liberal theology [is that] it has become all too skilled at telling us what is not the case, what it is that we can no longer believe; but it shows little sign of being able to replace these negatives with convincing and intelligible positives. 'Conservative' Christianity, at its best, combines a faithfulness to the founding traditions of the Christian faith, a proper ...
