WordPerfect (WP) is a word processing application owned by Corel with a long history on multiple personal computer platforms, originally developed under contract at Brigham Young University for use on a Data General minicomputer in 1979. The authors retained the rights to the program, forming Satellite Software International (SSI) to sell it under the name WordPerfect in 1980.

The first WinZip version dates back to 1991 and now, at the time of writing yet more than two decades later, it's still around and more present than ever, as it became a standard when it comes to file archiving and compression, not only for the ZIP format, but also other ones.. The first part of its name refers to the first version being a graphical user interface (GUI) front-end for the ...
