As a school psychologist you can make a positive, lasting difference in children's lives. Schools today serve increasingly diverse and dynamic student populations.

Selecting a Graduate Program - nasponline.org

Every child a high school graduate, prepared for success. That is the bedrock principle that drives the Alliance for Excellent Education (All4Ed), a Washington, DC-based national nonprofit committed to improving the educational outcomes—and lives—of high school students, especially those underperforming and those historically underserved.

About | Alliance For Excellent Education

The Nationally Certified School Psychologist (NCSP) credential recognizes school psychologists who meet rigorous national standards for graduate preparation and continuing professional development. Many states and school districts accept or align their credentialing requirements with the NCSP, and some offer additional employment benefits for achieving highly qualified professional status.

Community Advocacy. Many of the major threats to children's health today cannot be addressed adequately in the clinical setting alone. Community advocacy takes into consideration the environmental and social factors influencing child health, such as exposure to violence, safe places to play, poverty, child abuse, and access to healthy foods.

Advocacy & Policy - The American Academy of Pediatrics

The CRLP is a research based pro bono organization with flexible scheduling that allows volunteers to work on projects that suit them best. We are committed to protecting and promoting civil rights and social justice.
