Christopher McDougall is the author of Born to Run: A Hidden Tribe, Super Athletes, and the Greatest Race the World Has Never Seen. He began his career as an overseas correspondent for the Associated Press, covering wars in Rwanda and Angola. He now lives and writes (and runs, swims, climbs, and bear-crawls) among the Amish farms around his home in rural Pennsylvania.

By Anupum Pant. The marathon is one of the most popular long-distance running events and is followed by people from around the world. An athlete, to even finish the ~42 km race, has to go through a training that lasts several months (or years). The training is designed to develop the slow twitch muscle fibers which enables athletes to run for a long distances without getting tired.
