

Hurco Vmx42srti

Hurco Vmx42srti

Hurco has a host of features designed to make 5-sided and 5-axis more efficient. Tool Center Point Management eliminates the need to account for the machining center's centerlines of rotation. Instead, you simply use the solid model zero location.

Swivel Head Machines, 5 Axis Milling Machines - SR Series ...

Hurco VMX42SRTi 5-Axis Vertical Machining Center Benefits of the SR 5-Axis Mill The design of the swivel head 5-axis machining center makes the SR the best choice for certain applications. Versatility.

Hurco VMX42SRTi - D and R Machinery

HURCO VMX42SRTi. Hurco Companies, Inc. is a global industrial automation company that designs and produces interactive computer controls, software and computerized machine systems for the worldwide metal cutting and metal forming industries.

HURCO VMX42SRTI - machine tools

The Hurco VMX42SRTi, with its more than one-metre X-axis travel and 610mm movement in Y and Z, is of ideal size for producing smaller parts for Airbus A350 wings, such as ribs, intercostals and brackets.

Hurco VMX42SRTi 5-Axis tackles complex aerospace jobs

Hurco VMX42SRTi 5-axis CNC mill. The SR series of 5-axis CNC mills offers multiple advantages, starting with the machine's design configuration that utilizes a swivel head with either an A or C style rotary table. The generous size of the rotary table provides maximum versatility because you can use the extra table space for secondary operations or 3-axis work.

Hurco VMX42SRT Five-Axis Machine with Flush Rotary Table

1067mm x-axis travel, 610mm y-axis travel, 610mm z-axis travel, 610mm rotary table , 500kg max load, 12000rpm, BT40 spindle taper, 36.5 kW spindle motor, HURCO control. Contact experienced sales engineers for an obligation free quote on a HURCO VMX-42SRTi CNC Vertical 5 Axes Machining Centre.

HURCO VMX-42SRTI - Applied Machinery

Hurco VMX42SRTi. The SR series of 5-axis CNC mills offer a swivel head design with +/- 90 degree programmable rotation with either an A or C style rotary table. The 50" x 24" table features a 23.6" x 23.6" rotary table built in. This provides added versatility because the extra table space can be used for secondary operations or 3-axis work.
