"Shall" is a word that has certainly come to be replaced in American English language by using the word "will" instead. Often saying "I shall" do something comes off as sounding pretentious or haughty so we replace it with the word "will".

### **integration - Online Business Dictionary**

The merger of companies at the same stage of production in the same or different industries. When the products of both companies are similar, it is a merger of competitors. When all producers of a good or service in a market merge, it is the creation of a monopoly. If only a few competitors remain, it is termed an oligopoly. Also called lateral integration.
