The Voyage of the Beagle is the title most commonly given to the book written by Charles Darwin and published in 1839 as his Journal and Remarks, bringing him considerable fame and respect. This was the third volume of The Narrative of the Voyages of H.M. Ships Adventure and Beagle, the other volumes of which were written or edited by the commanders of the ships.

There is no known image of Sacagawea that was made of her during her lifetime, so no one can be sure what she really looked like. Yet because the Shoshone woman has been the subject of so many sculptures and paintings, especially since about 1900, we have a rich heritage of artists' conceptions to contemplate.
