Mind Control Fiction: Amazon.com

Yes, in all of my life, there would be voices in my head. But, there is no need to ring off the alarms as this is only one half of the story I have yet to tell. Although these mind monsters are a force to be reckoned with, they no longer control my life as they once did. I live with them in harmony....

Mind Control Stories - Quotev

You've already walked past a couple of students who didn't look human (or like any subspecies of humanity you are familiar with). Mind-control or not, this is the coolest thing in your life. As you make your way to orientation, you glance once more at the school brochure (despite having read the whole damn thing from back to back a zillion times).

Mind Control University - Fiction.live

Hikari Kashikoi is a psychic girl. She's mastered her psychic powers, though. She can control whether or not she hears the thoughts of others and can even read the minds of total idiots. But when she transfers to PK Acadmey, there's a boy who she can't read the mind of. All she wants are answe...

mind control story | eBay

With new technology, mind control is no longer science-fiction. We can only transmit basic signals between brains, but we should consider the ethics before moving on to complex thoughts

With new technology, mind control is no longer science-fiction

While my stories strictly involve hypnosis and have some connection to a pedestrian reality, other writers cast a wider net and consider mystical and science-fiction approaches to mind control, such as through the use of magical pendants and brain-controlling machines.
