### **Our Final Invention**

Our Final Invention: Artificial Intelligence and the End of the Human Era is a 2013 non-fiction book by the American author James Barrat. The book discusses the potential benefits and possible risks of human-level or super-human artificial intelligence. Those supposed risks include extermination of the human race.

OUR FINAL INVENTION. Artificial Intelligence helps choose what books you buy, what movies you see, and even who you date. It's in your smart phone, your car, and it has the run of your house. It makes most of the trades on Wall Street, and controls our transportation, energy, and water infrastructure.

A trademark application that has been declared abandoned is "dead" and no longer pending. Abandonment occurs under several circumstances. The most common reason is when the USPTO does not receive a response to an Office Action letter from an applicant within 6 months from the date the Office action letter was mailed.

Reading Group Guide. INTRODUCTION. The Invention of Wings, a powerful and sweeping historical novel by Sue Monk Kidd, begins, fittingly, with an image of flight: Hetty "Handful," who has grown up as a slave in early-nineteenth-century Charleston, recalls the night her mother told her that her ancestors in Africa could fly over trees and clouds.That day, Handful's mother, Charlotte, gave her ...
