Although the term sasaeng was coined much later, the obsessive, disruptive fan behavior it designates emerged with the rise of K-pop idol groups and "fandoms" in the 1990s, as noted by local English-language newspaper Korea JoongAng Daily in 2001. There are accounts of such fan behavior prior to the digital era from industry veterans and members of first generation K-pop groups such as H.O.T ...

Dear Korean, I was wondering why when you first meet a Korean, you can't casually call them by their first names. I've become acquainted with this guy on a professional level and we've talked on several occasions, but he has never addressed me by my name – come to think of it, I don't think he's ever asked what it was – even though he's pretty much asked every other question about me.

Korean pronouns pose some difficulty to speakers of English due to their complexity. The Korean language makes extensive use of speech levels and honorifics in its grammar, and Korean pronouns also change depending on the social distinction between the speaker and the person or persons spoken to.. In general, Koreans avoid using second person singular pronouns, especially when using honorific ...

As a child growing up in North Korea, Hyeonseo Lee thought her country was "the best on the planet." It wasn't until the famine of the 90s that she began to wonder. She escaped the country at 14, to begin a life in hiding, as a refugee in China. Hers is a harrowing, personal tale of survival and hope -- and a powerful reminder of those who face constant danger, even when the border is far behind.
