Russian Journal of General Chemistry is a journal that covers many problems that are of general interest to the whole community of chemists. The journal is the successor to Russia's first chemical journal, Zhurnal Russkogo Khimicheskogo Obshchestva (Journal of the Russian Chemical Society) founded in 1869 to cover all aspects of chemistry.. Now the journal is focused on the interdisciplinary ...

Theoretical Computer Science is mathematical and abstract in spirit, but it derives its motivation from practical and everyday computation. Its aim is to understand the nature of computation and, as a consequence of this understanding, provide more efficient methodologies. All papers introducing or studying mathematical, logic and formal concepts and methods are welcome, provided that their ...

1. Introduction. Since its inception in 1988 (first issue in 1990), the mission of The Leadership Quarterly (LQ) has been to sustain and catalyze the development of innovative, multi-disciplinary research that advances the leadership field. Nearly 25 years later, this goal, along with many of the journal's other primary objectives, has been reached (Gardner, Lowe, Moss, Mahoney, & Coglisier, 2010).

Postmodernism is a broad movement that developed in the mid- to late 20th century across philosophy, the arts, architecture, and criticism and that marked a departure from modernism. The term has also more generally been applied to the historical era following modernity and the tendencies of this era. ( In this context, "modern" is not used in the sense of "contemporary", but merely as a name ...
